Name of Cardholder

SHELL SCHEME WALL COVERING ORDER FORM

Q. What are the standard wall and fascia coverings for my shell scheme stand?

A. A standard shell scheme consists of grey tweed Velcro compatible panels with a royal blue fascia, unless otherwise specified by the organiser.

Q. How do I calculate how many panels I have on my stand?

A. Shell scheme walling is made up of 1metre wide x 2.5 metres high sections. Therefore, if your stand has a back and sidewall (a corner plot as per the visual below) and the stand size is 3 metres x 3 metres you have 6 panels.

Q. How do I calculate how many metres of fascia I have on my stand?

A. Fascia system is provided on any open side of your stand where walling is not provided. Therefore taking the example above, if your stand has a back and sidewall (a corner plot) and the stand size is 3 metres x 3 metres you have 6m of fascia.

Q. What about fitting the panels I order into my shell scheme?

A. All the prices outlined above include the production, transportation of your ordered panels to the event, as well as fitting them into the shell scheme structure. So when you arrive everything is ready for you.

Q. Can I use the panels again at other events I attend?

A. Yes the panels can be taken away, stored and then installed at other events. Please contact the office for details.

In System Digital Print Wall Covering Options

The In system finish is shown in the example picture. Please note this is not a seamless finish as the panels fit into our shell scheme framework. A 40mm post section is visible between panels which need to be considered when designing artwork.

To choose this option, simply fill in the form on page 1 and return to us. We will then contact you with a guide of the exact artwork specifications we require.

Seamless Digital Print Wall Covering Options

The Seamless print finish is shown in the example picture. Digital print panels are mounted onto the shell scheme structure to create a continuous image which means you can totally transform your shell scheme booth into a high impact, eye catching stand.

To choose this option, simply fill in the form on page 1 and return to us. We will then contact you with a guide of the exact artwork specifications we require.

Failure to supply artwork to the requested specifications may result in an additional studio time charges.

Depending on the configuration, location and size of your stand, a fascia or alternative support structure may be required. Details can be discussed prior to order.
